MALAYSIAN DENTAL
PRACTITIONERS' CONFERENCE

MDPC 2026

2 DAYS CONFERENCE

" CLINIC
REALITIES
OFF THE
TEXTBOOK "

11 & 12 APRIL 2026

**M WORLD HOTEL
PETALING JAYA.**

MPDPA 011 1188 2188

Our Theme..

While textbooks provide foundation, true learning happens when you face everyday clinical challenges or when forced to navigate unexpected complications and find practical solutions.

From tradition to modern -digital dentistry, theory to real-world experiences, challenges to troubleshooting solutions – this Conference covers it all!

Our theme emphasises hands-on wisdom, ethical decision-making and strategies to safeguard yourself in difficult situations.

Lets move off our textbooks – and practice Practical Dentistry.

**" CLINIC
REALITIES
OFF THE
TEXTBOOK "**

PRE-CONFERENCE WORKSHOP*Our Speaker & Trainer*

Mr. Nagesh Maha is a results-driven technology professional with extensive expertise in Artificial Intelligence and Machine Learning, particularly in Computer Vision and Face Recognition. Skilled in Deep Learning, Neural Networks, SVM, NLP, and Object Detection, he is proficient in Python, Java, and C++ with additional strengths in Big Data, Hadoop, and Cloud Computing. He has led impactful research initiatives, developed and taught AI curricula, and achieved notable milestones such as creating a real-time face recognition system combining machine learning and deep learning, as well as patenting an AI-powered sentiment analysis engine using an enhanced LSTM model. Holding both a Master of Computer Application and a Bachelor of Technology, Nagesh seeks to apply his expertise in advancing cutting-edge AI technologies.
