internet / portable wifi / toggle  
do bring it along**

**Friday  
10<sup>th</sup> April 2026  
8.30 - 5.00 pm**

**The Vogue - IconCity  
Level 3A, P3A-41, 1B,  
Jalan SS 8/39, Icon City,  
47300 Petaling Jaya,**

**PRE-CONFERENCE WORKSHOP***Our Speaker & Trainer*

Mr. Nagesh Maha is a results-driven technology professional with extensive expertise in Artificial Intelligence and Machine Learning, particularly in Computer Vision and Face Recognition. Skilled in Deep Learning, Neural Networks, SVM, NLP, and Object Detection, he is proficient in Python, Java, and C++ with additional strengths in Big Data, Hadoop, and Cloud Computing. He has led impactful research initiatives, developed and taught AI curricula, and achieved notable milestones such as creating a real-time face recognition system combining machine learning and deep learning, as well as patenting an AI-powered sentiment analysis engine using an enhanced LSTM model. Holding both a Master of Computer Application and a Bachelor of Technology, Nagesh seeks to apply his expertise in advancing cutting-edge AI technologies.

*Programme & Learning Highlights*

**8.30-9.00 am Registration & Welcome Address**
